

## *Feeding the Soul of the Feminine*

One-Day Event - April 17, 2010

Lilburn, GA 10am -5pm

Facilitated by Lisa Michaels

Spend the day diving deep into the well of the Goddess within and emerge rejuvenated.

By connecting to the source of the sacred feminine through dancing, nature, reflection, journaling, art,

time with other women, and soul nurturing you will rejuvenate and feed the soul of your feminine self.

When your feminine soul is filled, it energizes your creativity and your capacity to create your life.

A full inner feminine well also helps you to feel juicy and be more magnetic (increasing your ability to draw your desires to you).

Energetic Exchange \$60-100. Sliding scale.

A \$50. Non refundable deposit is required to hold your space.

If you can not do the 17th but can do the 18th I would happily open an additional day if we have enough women to do so just let me know.
